Vision Integration Abundance

WHAT'S LOVE GOT TO DO WITH IT?

WORKING TOGETHER™

The Power of Integration:
Igniting Passion in the Workplace™ SERIES

“Every organization can benefit by providing education, tools and processes that enable people to better communicate and work together. No advisor or consulting firm that I know of has thought about this more or created more effective tools than The Telein Group. Their three-day program, **Working Together™**, has enhanced our organization’s bottom-line performance.

Today, the Working Together™ learning experience is a part of the fabric of our organization, as we transform from one that is driven by fear to one inspired by *love*.”

Douglas A. Smith
Chairman of Best Brands Corp.
and former CEO of Borden Foods Corporation
and Kraft Canada Inc.
